10. April – Merimakasiini (650 m from Scandic Hotel)

9:00 Morning Coffee

Reflections of previous simulator sessions

- What have we learned from the simulations? Anything missing?

Prototype production

- WS - Learnings from A 1.1 and preparations for WP3 and upscaling production

Harmonization Process

1. SAMK/RISE/FURUNO will present feedback and identify potential development areas related to the harmonization process.
2. Participants will be divided into groups based on product standards to review the feedback and agree on necessary follow-up actions. If time permits, concrete preparations for implementation may also be made.
 - a. **Discussion Leads:**
 1. S-101: Klas Östergren
 2. S-102: Marisofia Nurmi and Teppo Kuusijärvi
 3. S-104/S-111: Anni Jokiniemi

12:00 – 13:00 Lunch

13:00 – 14:30 Project ideas, future partnership, project platform

14:30 – Coffee

15:00 – 16:00 Teamwork/Team building – Maritime Museum <https://rmm.fi/en/vieraile>
