I kindly ask you to also invite experts dealing with water level and currents to our meeting, as we are now coordinating the implementation of the two IHO S-100 Products; S-104 Water Level and S-111 Surface Currents in the Baltic Sea [[BSHC26 Action 20](#)].

See the [List of Actions](#) from our last meeting [[CDWCWG1 Minutes](#)] and report on the progress made. Please also let me know if you are interested in presenting something at the meeting. It will be of particular interest to see presentations on how you are handling [the implementation of S-104 and S-111](#) at the national level and if you have views on how we can address this at the regional level. The work on the two new standards S-104 and S-111 have also been included in the [CDWCWG RoadMap](#).

I also ask the national contacts to fill the [Questionnaire on the implementation status of Baltic Sea Chart Datum 2000, S-104 and S-111](#). I need your replies at the latest 14<sup>th</sup> March 2025.

**Please confirm if you will attend the meeting or not at the latest 28<sup>th</sup> February 2025.**

I hope to see you in Tallinn in March!

Kind regards Thomas
