

Invitation to the CDWCWG Harmonisation subgroup 3rd meeting, 5th May 2026

Meeting: CDWCWG Harmonisation subgroup 3rd meeting (VTC)
Start-end: Tuesday 5th May 2026 09:00 to 10:30 CET

Dear all,

Welcome to the third meeting [[Invitation](#)] of the CDWCWG Harmonisation subgroup, where we will work on finalizing the [Regional product harmonisation guidelines for S-104 and S-111](#).

The current version of the guidelines was endorsed by the Member states of the Baltic Sea Hydrographic Commission (BSHC) at BSHC30 in Riga September 2025 ([BSHC30/D4](#)), **with the aim of being approved at the BSHC31 Conference in Klaipeda in September 2026**. The deadline for submitting the report to the Conference is six weeks prior to the meeting, i.e. 9th August 2026.

The document is also an outcome of the Baltic Sea e-Nav project (concluding in October 2026). It was presented [[Presentation](#)] at the Baltic Sea e-Nav S-104/S-111 Workshop [[Agenda](#)].

Moreover, at the last Chart Datum, Water level and Currents Working Group (CDWCWG) meeting we decided on two actions [[List of Actions](#)] to move forward with the guidelines:

Action #	Who	Action	Time schedule
9	<i>Chair</i>	Invite to virtual meetings in the Harmonisation subgroup	2026-04-30
10	<i>Harmonisation subgroup</i>	Write guidelines for Baltic Sea area	2026-07-31

You have all been participating previously in this work or have been recently invited to the group as valuable contributors to the work. Please let me know if you think somebody else will join the group as well. You are very welcome to give input and feedback on the document and about our way forward.

Draft Agenda

1. Introduction and status of the work in CDWCWG (Thomas)
2. Status of the work in Baltic Sea e-Nav (Anni)
3. Harmonisation document and guidelines for S-104/S-111 (Thomas)
4. Next online meeting, TBC

Anni will send us a Teams link.

Welcome!

Kind regards Thomas
