INT CHART SCHEME AMENDMENTS SINCE 2022

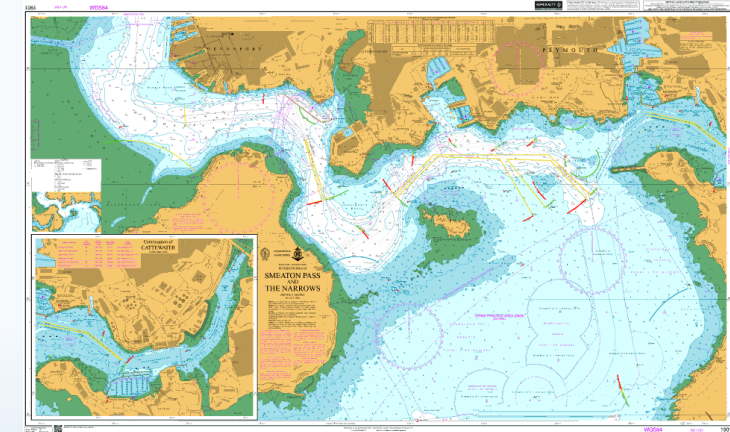

Belgium

Belgium are working on a new edition of INT 1474, which will see the addition of a new panel covering the port of Blankenberge.

United Kingdom

UK have published new INT Chart 1727 (national chart 1901) into the INT Series. This chart covers the commercial ports at Plymouth.

ENC SCHEME AMENDMENTS SINCE 2021

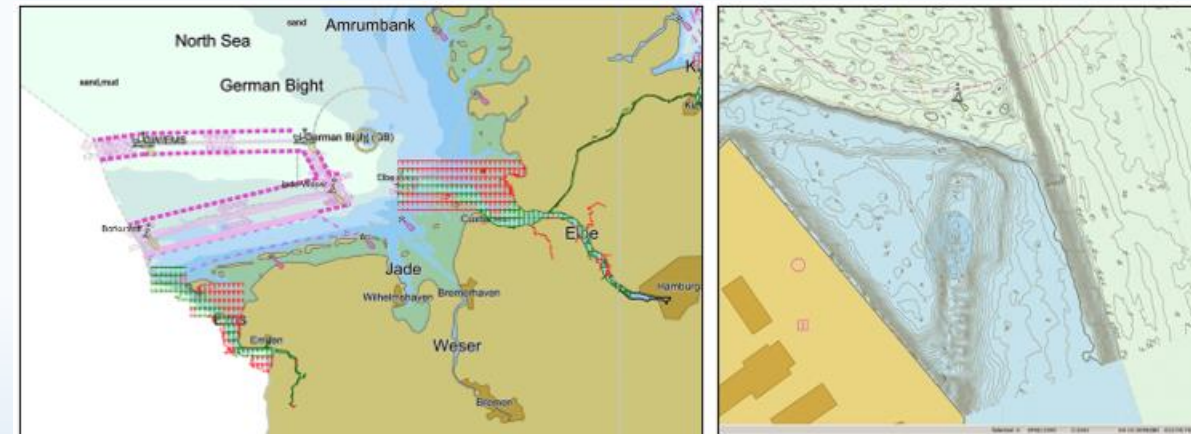

France & United Kingdom

France & United Kingdom are working together to re-scheme ENC coverage of the Channel Islands.

Germany

Germany has begun work on a new project for bathymetric ENCs (bENCs – additional bathymetric layer) overlays as a precursor for delivery of S-102. Project areas in the North Sea include the Rivers Ems and Elbe and Kiel Canal..

Report of the ICC Working Group

ENC SCHEME AMENDMENTS SINCE 2021

United Kingdom

United Kingdom has issued three additional HD ENC's in areas of constrained traffic and critical underkeel clearance within the Sunk and Shipway Channel.

United Kingdom has also published the first area of gridded ENC coverage at Bands 4 and 5 covering Milford Haven. In addition to improving consistency and large scale coverage, the new ENC's also include supplementary contours at 1m intervals throughout the port and approach.

ENC Overlaps and Gaps

No ENC overlaps deemed medium or high risk (as per RENC risk assessment) or gaps greater than 1mm at compilation scale are currently found within Region D.

NSHC35 Action 8/2022 D.2

HSSC Recommendation 2 “*RHCs to recommend Member States to Note the information on ECDIS anomalies and support the implementation of the recommendations given by the ENCWG.*” was raised with NSICCWG Members. All respondents confirmed compliance with associated ENC Encoding Bulletin 64.

WEND100-IGIF Matrix

NSICCWG Chair supported NSHC representative to WENDWG in completion of the WEND100-IGIF Matrix for the NSHC, largely based upon the results of NSHC member submissions in response to the S-1XX questionnaire created by Belgium under NSHC35 Action 6/22 B4.1.

The NSHC is invited to:

- Note the status of the INT Chart schemes via IHO INTToGIS and ENC Chart Catalogue links.
- Note the completion of NSHC Action 8/2022 D.2.
