Good morning NSHC Colleagues,

I am pleased to share with you a draft Agenda for the next NSHC meeting, to be held via Microsoft Teams 8-9 April 2025.

The meeting is currently a full day on 8 April and until lunch on 9 April. However please hold both days fully to allow for any changes in the Agenda. At present only half of the second day is used so we have some flexibility if members would like to suggest additional items or if there are areas where more discussion time would be appreciated. Please do reach out and let me know.

We have included a slot named S-100 Trials Update, all member states are invited to share any pertinent updates from any S-100 Trials they may have conducted/ be conducting. If members would like some time in this agenda item, please indicate your interest so I can allow sufficient time and create a running order.

Please send any suggested agenda items and or suggestions/comments by 7 February so I can share a finalised agenda, in good time before the meeting.

I am waiting for the event to be created on the IHO Portal, I will be in touch when this has been done and you are able to register. Teams invites will be sent from myself the week before the meeting.

Best wishes,

Emily Graham (she/her)

NSHC Secretary

Good morning all,

I am pleased to share with you the finalised agenda for NSHC38 (to be held virtually via Microsoft Teams.). The meeting will be held in UTC+2. Many thanks to those who sent comments on the draft agenda, these comments have been incorporated.

Could I please ask those planning to attend to register via the IHO portal here:
<https://portal.iho.int/page/meetings/1012> (The meeting invite will be available nearer the time.)

To ensure our membership distribution list is up to date, could I ask you to confirm who from your respective organisations should be listed.

With best wishes,

Emily Graham (she/her)
