HYDROGRAPHIE

# Recent Discovery

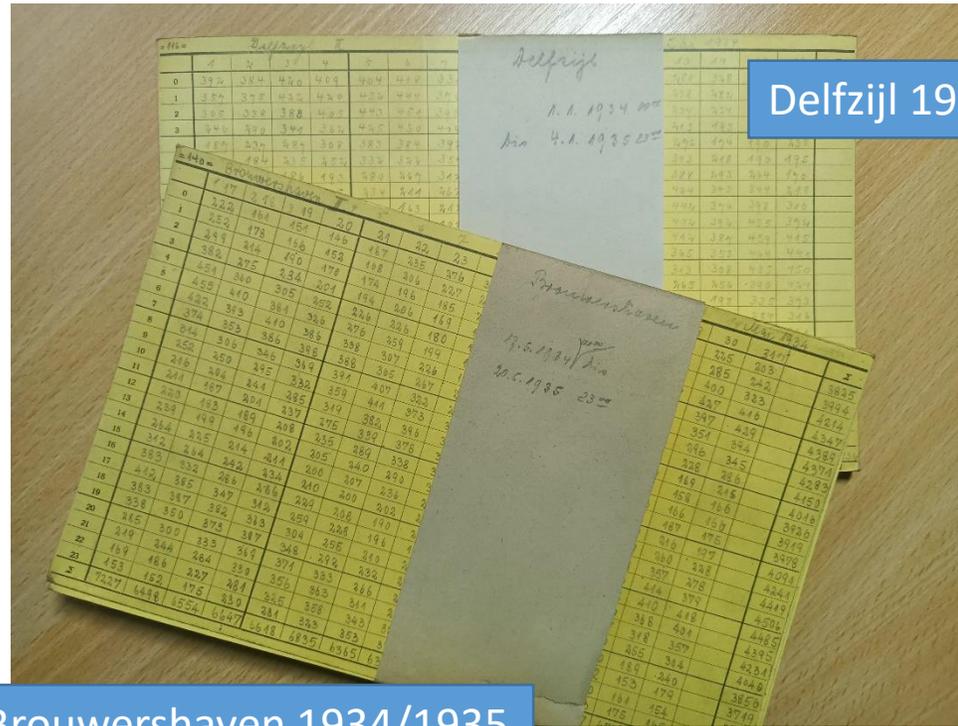

Almost forgotten in  
the BSH  
basement rooms

Five drawers containing  
international tide gauge  
data, mainly from the  
1930s as well as from the  
WWII.

BUNDESAMT FÜR  
SEESCHIFFFAHRT  
UND  
HYDROGRAPHIE

Data from Belgium, El Salvador, France, Marokko, Netherlands, Norway, Spain, Russia – survey is ongoing

Delfzijl 1934/1935

Brouwershaven 1934/1935

Tromsø 1937

Data from Teneriffe, Spain, starting on the 01.01.1927; Marcos et al. 2013 states the tide gauge began measuring two days later. To be solved.

Please contact us, if you are interested in the data.
